

Ball transfer units with solid steel housing

Item description/product images

Description

Material:

Steel electro zinc-plated.

Note:

Ball transfer units with solid housings remain functional even under heavy impact loads and extreme conditions.

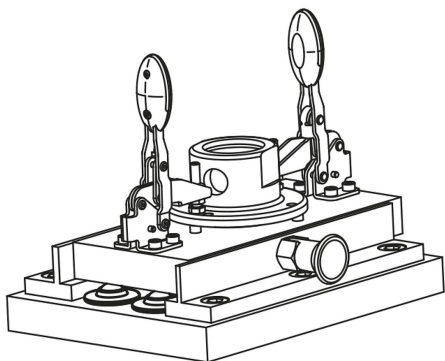

They have a felt seal to protect against dirt.

Drawing reference:

- 1) load ball
- 2) bearing balls

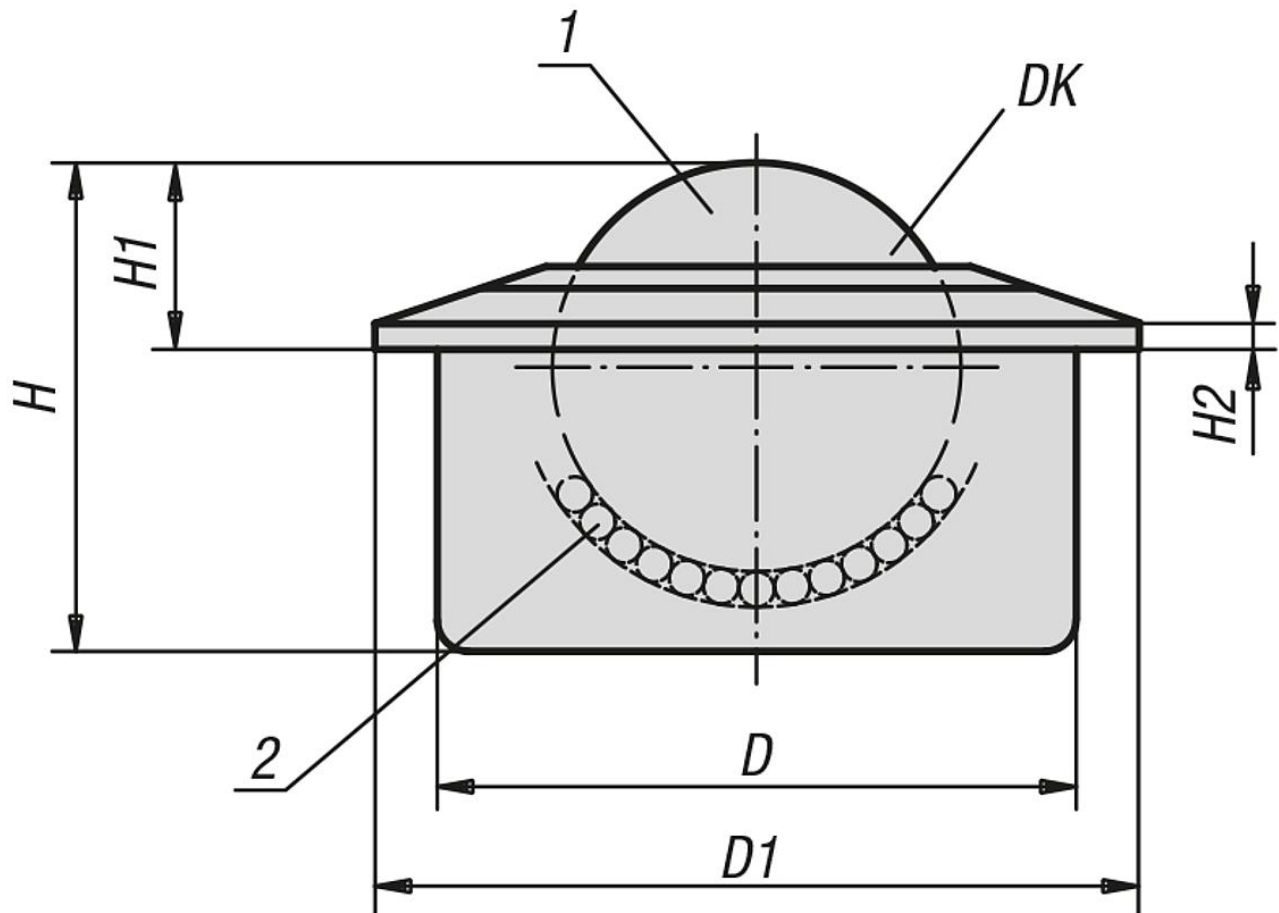

Form B: cap and housing electro zinc-plated, balls steel

Form C: cap and housing electro zinc-plated, balls stainless steel
